NAZI NAVY ACTUALLY HELPLESS: STRONG UNITS NOW IN THE SKAGGERAK COMPLETE BLOCKADE OF GERMANY

Commander Stuck To Sinking Ship

LONDON, Apr. 12 (Reuter)—How the Commander of H.M.S. Gurkha stuck to his post as his ship was sinking was described today by one of the survivors who said that the Commander was forced to leave by two ratings who seized him and almost threw him into the rescue boat.

The destroyer was sunk by a bomb and while another warship was picking up survivors, German planes dropped more bombs all of which missed.

Another survivor stated: "We were not sinking fast enough and they were determined to finish us off."

Big British Tanker Torpedoed

LONDON, Apr. 12 (Reuter)—One of Britain's biggest tankers, of 9,000 tons, was torpedoed in the North Sea by a U-boat. She was homeward bound from the United States.

Thirty-four members of the crew were landed in Scotland and they are believed to have comprised her entire complement.

MINE DISASTER OFF CASTLE PEAK BAY: JUNK BLOWN TO PIECES

THE WHOLE OF THE CASTLE PEAK AREA WAS SHAKEN BY A TERRIFIC EXPLOSION ABOUT SIX O'CLOCK YESTERDAY EVENING AS THE RESULT OF A JUNK striking a mine, which blew the craft to smithereens, hurling its occupants and contents over a wide area of sea.

Main Objectives Of British And French Operations

NAZI PRESS CAMPAIGN AGAIN

SWEDISH PAPERS ACCUSED

STOCKHOLM, Apr. 12 (Reuter)—According to the Berlin correspondent of the Svenska Dagbladet, the Nazi press has launched a violent campaign against Swedish newspapers, accusing them of failing to maintain an attitude of strict neutrality over the events in Norway.

It is alleged that the Swedish press "plays up" the angle of British help to Norway which is declared to be incompatible with Swedish neutrality and that it places wireless at the disposal of Norwegian agents.

SWEDISH PLANE OVER GOTHEMBURG

GOTHEMBURG, Apr. 12 (Reuter)—Four air raid alarms were sounded here between 5 and 6 a.m.

The sounding of the sirens was due to the appearance of unidentified planes which were later found to be Swedish.

Considerable alarm was aroused throughout the city and about 3,000 young men of military age were seen mustering at several points.

Chungking Elated Over S.M.C. Elections

Special to H. K. Daily Press

CHUNGKING, Apr. 12 (Havas)—The outcome of the Shanghai Municipal elections was received with considerable elation in local quarters who pointed out that third party nationals obviously were not taken in by the Japanese promises.

A high Chinese official interviewed by the press, said: "The S.M.C. polls shows the universal distrust towards the Japanese. No one is willing to accept Japanese rule and no one believes that any good can come from it."

A number of Chinese observers point out that the successful result of British-American co-operation in Shanghai should be borne in mind by those two Powers in their general attitude towards Far Eastern affairs.

IN GERMAN HANDS

It is understood that all Norwegian radio stations are now in German hands but plans have been made to keep the Norwegian people informed of the action of their Government through the B.B.C. The speech to be made by M. Hambré shortly will be relayed to the Norwegian people by this means.

WESTERN FRONT AIR ACTIVITY

PARIS, Apr. 12 (Reuter)—Air activity yesterday and during the night was more marked, the Germans carrying out reconnaissance flights over various parts of France. During the night some planes reached the Paris region but turned back on meeting anti-aircraft defences.

STRONGER SUPPORT BY BRITAIN OF TRUE CHINESE GOVERNMENT

LONDON, Apr. 12 (Reuter)—Mr. William Hodgkins, Chairman of the Manchester China Relief Committee, in a letter to the Manchester Guardian, urges that the setting up of the puppet government in Nanking demands stronger, not weaker, support by Britain of the true Chinese Government.

"It is perhaps hardly realised even yet in this country how completely Japan has failed to conquer even the so-called occupied areas and in eastern China a million guerrilla fighters continue the struggle behind the Japanese lines."

"The establishment of the puppet government is Japan's attempt to succeed by intrigue where she failed by force. Any recognition by this country of the Wang Ching-wei government, however indirect it might be, would unquestionably aid her to eventually

achieve her aim of driving the Western Powers from the Far East."

KOWLOON FOOTBALL CLUB IN SERIOUS FINANCIAL POSITION

Subscription Increased

The growing excess of expenditure over income was given as the main reason for the serious financial position in which the Kowloon Football Club finds itself, by Mr. B. D. Evans when he presided at the extraordinary general meeting held yesterday evening in the Club hall.

TSUI ENTERS SEMI-FINAL

TENNIS TOURNEY AT H.K.C.C.

A fairly large crowd of spectators was present at the Stand Court of the Hongkong C. C. yesterday afternoon to witness Tsui Wai-pui, holder, defeat Pang Ol-lam in the fourth round of the Open Singles Tennis championship after 24 games. In only a few of which there were good rallies.

Double-faulting seemed to be the order of the day with Tsui, the chief offender. Pang put in some splendid driving especially to the corners but, on the whole, the match was not of a high standard.

Tsui, who won 7-5, 7-5, enters the semi-final where he will meet the winner of the match between his brother, Tsui Yan-pui, and Tennie Kwok.

In the only other tournament match played yesterday A. V. Remedios and J. Gonsalves defeated Lam Kwan and Wong Sung 6-2, 6-2 to enter the semi-final of the Open Doubles where they will be opposed to the Tsui brothers.

In the Club championship, B. C. Fay beat R. G. Biessell Jr., 6-4, 6-1.

HANDICAP DOUBLES

A. Lade and G. E. Sewell beat W. G. Harvey and Dr. A. H. Barwell, 6-3, 6-4.

V. R. Gordon and H. J. Armstrong beat R. K. Valentine and L. M. S. Lloyd 6-4, 6-1.

HANDICAP MIXED DOUBLES

TWO SOFTBALL FINALS ON K.F.C. GROUND

India Should Win Men's Game: China Liked For Ladies

BY R.O.Y.

Judging from the excellent fare served up by the semi-final and first round matches played during previous weeks, tomorrow's International finals should provide local softball enthusiasts with entertainment spiced with plenty of excitement.

The matches will be staged at the Kowloon Football Club ground and proceeds will go to the Women's Air Raid Precautions Union.

Opening the programme at 10.30 a.m., the Chinese lassies clash with Portugal in what should be a battle-royal. The former squad are the holders of the Molten Shield and are much fancied by the majority of critics to retain the trophy emblematic of national superiority in local softball.

THIS IS CHESS

CHUNGKING, (Central News by Air Mail)—Blindfolded, Etsch Hisa-sun, well-known Chinese chess champion, played the first exhibition match in Chungking last Sunday night and overcame his opponent with a few moves amidst loud applause from several hundred chess fans.

UP TO THE MURKERS

In comparison, there appears to be little difference in paper of the two aggregations, and the final result will probably depend on the two murkers, Mary Louie and Therese Noronha.

The complete squads are as follows:—

CHINA: Mary Louie, Dot Louie, Lily Mar, Jean Lee, Mabel Louie, May Chung, Gloria Mar, Doris Mar, Paula Chan, Mary Mar, Ulan Khuo, Rose Louie, Ada Chang and Bella Mar.

PORUGAL: Therese Noronha, Cynthia Motta, Irene Pereira, Thelma Motz, Celeste Marques, Irene Castilho, Thelma Collaco, Margaret Oliveira, Lilia Xavier, "Ding" Lopes, Hilda Soares, Marie Figueiredo, Therese Marques and Regina Xavier.

I am given to understand that Margaret Oliveira will be seen patrolling the centre garden instead of at her regular position at the

IMPORTANT POSITIONS NOW RECOVERED

Chinese Successes On The Kwangsi Front

CHUNGKING, April 12 (Central)—The latest developments on the north Kiangsi and south Kwangsi fronts were reviewed by a Chinese military spokesman in an interview with the Central News yesterday.

In north Kiangsi, the spokesman said, the Chinese launched on April 4, a general attack with Nanchang as the objective. The Japanese broke the dyke south of Nanchang to checkmate the Chinese advance but the swift movements of the Chinese troops made their effort fruitless.

Closing in from several directions, the Chinese recaptured more than twenty vantage points along the outer defence lines of Nanchang in two days, and on April 8 and 9 wrested back Fenghsin and Tsingtan, respectively 23 miles west and 30 miles northwest of Nanchang.

Pursuing the enemy, they reached the outskirts of Nanchang, where severe fighting is in progress, the spokesman said.

In south Kwangsi the Japanese started a westward drive from Nanning on April 1. They crossed over to the north bank of the Tso River on April 3, and forced their way to Tungchow and Tsohsien on April 7.

INVADERS ATTACKED

According to pre-arranged plans the Chinese attacked the invaders in the hilly triangular land between the Tso River and the Yu River. Realising that they had fallen into a trap, the Japanese put up a stiff fight.

On April 8, the spokesman stated, the Japanese lines were shattered. They started to retreat eastward. Of 5,400 Japanese fewer than 3,000 re-crossed the Tso River.

The spokesman recalled that this was the third major Japanese drive in south Kwangsi which had failed, the first being a northward drive from Nanning to Pingyang and the second an eastward drive to Lingshan.

Holland Is Anxious

WHAT WILL NAZIS DO NEXT?

LONDON, April 12 (Reuter)—The Low Countries are fully on the quiver. In Holland anxiety over Germany's latest invasion has grown no less. New defence measures were ordered on Wednesday night and troops are taking up defence positions everywhere.

Belgium is equally determined. A communique issued following the Cabinet meeting on Wednesday reaffirms the country's independence and neutrality.

Military leave has been cancelled but it is denied that there is any question of general mobilization.

PUPPETS GET THEIR DESERTS

CHUNGKING, April 12 (Central)—Puppets of the bogus Wang Ching-wel regime are finding their life in Nanking more unpleasant according to a Shanghai report quoting arrivals from Nanking.

It is stated that on April 8 the car in which Chen Kun-po, "president of the Legislative Yuan," was riding to his office overtook a car carrying a Japanese army officer. The latter stopped Chen's car and slapped his chauffeur in the face.

On the same day, the wives of Chow Fu-hai and Mei Sze-ping, respectively puppet Minister of Finance and Minister of Industry and Commerce, were searched by Japanese gendarmes while visiting the Sun Yat-sen Mausoleum.

DR. J. L. STUART ON VISIT HERE

Leighton Stuart, President of the Yenching University in Peking, who arrived in Hongkong on Wednesday after an extensive tour to the southwestern provinces of China, will be entertained at a dinner party given by the Yenching Alumni Association at the Ying King Restaurant at 6:30 p.m. today.

Dr. Stuart came here to attend the annual conference of the China Foundation for the Promotion of Education and Culture which will open on April 15.

SOLUTION ON MONDAY

They Expected "Austria"

BUT WERE GIVEN "BELGIUM"

PARIS, April 12 (Reuter)—The French Premier, M. Reynaud, speaking in the Chamber, said that 22 ships were at the bottom of the ocean of which 18 were Germans and four British. No French vessels were lost.

M. Reynaud declared that Germany's initial tactical success proved an immense strategical blunder. The iron ore route was, and would remain, cut for Germany. The British Navy lost four destroyers while the German Navy lost four cruisers, representing one-tenth of its total fleet, one submarine, one destroyer and 12 troop transports.

Germany, who need steel to attack us, now presents us with a picture of a sortie by a beleaguered garrison. After leaping on Denmark, she buried herself at Norway believing that she will not meet more resistance than from Austria in 1938. Instead she met with the resistance of Belgium of 1914.

At this point the whole Chamber rose and applauded.

Returning to the naval aspect, M. Reynaud said that there is no example in history of operations undertaken with a decisive naval inferiority which had not ended in defeat.

The French squadrons and Polish warships were participating alongside the British fleet, he revealed.

KING HAAKON IN ELVERUM

LONDON, April 12 (Reuter)—Unconfirmed reports state that the Norwegian Government is now in a town north-east of Elverum, 10 miles from the Swedish border and that King Haakon is still in Elverum.

DORNIER BROUGHT DOWN

LONDON, April 12 (Reuter)—It is learned that a Dornier flying-boat was shot down in 35 seconds by a R.A.F. Coastal Command plane in the North Sea yesterday.

GERMAN NEWS NOT TRUE

STOCKHOLM, April 12 (Reuter)—Another official announcement states:

"The Government, at its new seat, has organised the administration of the State. Loyal officials should await orders. Mobilisation continues according to plan."

"Announcements on the Oslo Radio, which is now in German hands, that mobilisation has been revoked, are false."

GERMAN AIR LOSSES

LONDON, April 12 (Reuter)—To date the total number of German planes brought down around the coast of Britain totals 65 since the beginning of war. In addition, 15 others were so badly damaged that it is doubtful that they ever reached home.

Champion Of The Small Neutrals

DUTCH TRIBUTE TO BRITAIN

AMSTERDAM, April 12 (Reuter)—Reports of the great naval battles off the Norwegian coast have created a high state of excitement in Holland, the general impression being that the Allies are winning notable successes.

There is widespread relief over the action of the British navy, one Dutchman remarking to Reuter that, "Britain is indeed energetically fulfilling her role of champion of the small neutrals."

This feeling is reflected in the strength of the sterling which rose 20 points on the Foreign Exchange market from the previous day's rate of 6.54 gulden.

The news that Great Britain has taken steps to buy extra quantities of Dutch dairy produce has led to an increase in the prices of butter and eggs.

At this point the whole Chamber rose and applauded.

Returning to the naval aspect, M. Reynaud said that there is no example in history of operations undertaken with a decisive naval inferiority which had not ended in defeat.

The French squadrons and Polish warships were participating alongside the British fleet, he revealed.

The Danish people are not allowed to buy more than four days' supply of food. All private cars must be off the road by 7 p.m. and oil burning trains have been put out of service. All Danish newspapers have ceased publication.

Some 8,000 air raid wardens have been mobilised to enforce black-outs. Restrictions on private cars and the stopping of oil-burning trains cannot improve Germany's oil position because Denmark had to import so much oil to keep things going last year that she used 700,000 tons of oil.

The Allied blockade will, of course, stop further shipments so that whatever oil Denmark now gets will have to come from Germany. Germany has, therefore, actually weakened her oil position by invading Denmark and Norway.

TEACHERS' TRAINING COLLEGE STUDENTS' ASSN. INAUGURATED

REMINDING HIS LISTENERS OF HIS EXCELLENCE THE GOVERNOR'S WORDS that a teachers' training college was the essential foundation of education in any country—Hongkong as much as anywhere else—Mr. T. R. Rowell, B.Sc., Dip. Ed., Principal of the newly-formed Teachers' Training College, addressed his pupils at the inauguration of their Students' Association at the old Government Civil Hospital yesterday afternoon.

Mr. Rowell added that it was largely due to His Excellency's interest in education in Hongkong that the training college came into existence.

Mr. W. W. Lee presided and outlined briefly the aims and objects of the Teachers' Training College Students' Association. He was followed by Mr. H. C. Lee who commented on the work of the previous term and emphasized the need for closer co-operation among education bodies in the Colony.

Mr. C. H. Cheng and Miss K. T. Lai spoke on behalf of the vernacular section.

PRINCIPAL'S ADDRESS

In the course of his address, Mr. Rowell said:—

You students have the distinction of being the first members of the College and I cannot impress upon you too strongly how much depends upon you.

I am glad to see that you are not only considering yourselves but also those who, in future, will be carrying on your work. Much has been written lately on school and society, school and social training, education for citizenship and the like. You all know that my view is that little is accomplished by continually "preaching" at children on social or moral problems. It may and often does, by contra suggestion, defeat its own object.

VALUABLE IDEAS

The Association you have inaugurated today, judging from the programme of future events your committee has drawn up, will give you valuable ideas as to how far social training and training for citizenship can be carried out among yourselves. These ideas I hope you will carry with you to the schools in which you will teach in the future, and put them into effect among your pupils.

There are many student associations but the most successful and flourishing are those which confine their attention to the promotion of educational thought among themselves and similar associations.

I expect you to run your Association yourselves and although you have made me President and my colleague, Mr. Cheng Chen-huan, advisers to your Association I wish it to be understood that we are here in an advisory capacity as far as the Association is concerned. It is part of your training as teachers to be able to run your own association successfully.

No doubt many of you would have preferred a bigger function for this inauguration and your committee deliberated many hours on the question but decided that it should be held in the temporary premises of the College.

NEW PREMISES

As you can see, there would not have been room for a larger meeting than this one. I am happy

ROBBERY AND WOUNDING

Kowloon Court Hearing

Commitment proceedings were commenced at Kowloon Court yesterday before Mr. Q. A. A. Macfadyen, against Chan Tak, 32, charged with having entered the ground floor of No. 95, Temple Street, and stolen \$11 and a cotton shirt, and with wounding a fok, named Chan Chun-chiu, with a chopper with intent to resist arrest.

Det-Sgt. Johnston, prosecuting, said that about 4 a.m. defendant was alleged to have entered the door by the kitchen door. One of the foks, awakened by the intruder, saw a figure pass by him in the dark and waited a second time and then caught hold of him. In the ensuing fight the fok, Chan Chun-chiu, was wounded.

By that time another fok had switched on the light, after which he grappled with defendant assisted by other foks who had also been awakened.

Hearing of the case was adjourned.

SMALL CRAFT ATTACKS

The following communiqué, in connection with the Combined Operations, was issued by the Military authorities yesterday:—

During the night further attacks were made by small craft along to south shore and were repulsed.

An attack to exercise the inner line of defences was again carried out. The enemy having failed to establish himself in any tenable position by daylight there was no occasion for counter attack. The exercise was therefore concluded at 7 a.m.

Mr. R. E. Turnbull, of the Malayan Civil Service, who was British Resident of Brunel, has been appointed Colonial Secretary of British Honduras.

GENERAL

BLACKSMITH SHOPS IN CLAIMS

Six blacksmith shops in Third Street, Saipingpun, figured as defendants in claims for possession of premises brought before Mr. Justice R. E. Lindsell in the Summary Court yesterday morning.

Mr. M. W. Lo who acted for the landlords concerned, said the Land Officer had intimated that renewal of the Crown Lease would not be made unless the blacksmith businesses ceased. It seemed that there were blacksmiths in the whole of Third Street, and he understood that representations had been made to Government by a school with regard to the noise.

Mr. Lo said that in one case his client did not mind defendant remaining in the premises.

Adjourning a case for a week His Lordship said to Mr. Lo:—

"Tell the Land Officer that it is the opinion of the Court that it is rather unfair either to turn these people out under a month at any rate, or to make the landlord suffer in respect of the Crown Lease if they stay on after another month."

REVENUE OFFICER ACCUSED

ALLEGED ASSAULT ON WOMAN

Chinese Revenue Officer Wong Fook was summoned before Mr. T. J. Houston at the Central Court yesterday for assaulting a married woman, Chan Ying, on Feb. 19.

Mr. D. McCallum appeared for the prosecution, while Mr. J. P. Murphy, Assistant Crown Solicitor, was for the defence.

Chan Ying told the Court that about 7 p.m. on the day in question, the defendant entered her house with a European officer. After searching her husband, the defendant struck her a blow in the eye.

MEDICAL EVIDENCE

Dr. A. Hargreaves and Dr. T. K. Lien, of the Queen Mary Hospital, both testified that the injuries to complainant's eye could have been caused by a fist. They agreed that the injuries were more likely to have been caused by a sharp instrument.

Dr. Lien also said that he performed an operation on the complainant's eye and had her eye ball taken out. It was ruptured.

Following further evidence, the hearing was adjourned.

FORTHCOMING ART EXHIBITION

Mr. Luis Chan, who is well-known to readers, is now busily preparing his 5th One-Man Exhibition which will take place early next month.

It will be recalled that Mr. Chan was the first local artist to hold a one-man show in 1935, since when he presented one in each subsequent year, until last year, when, owing to being busily engaged in writing a book on Chinese art, he was unable to do so.

Among those who collected Mr. Chan's works are: M. Marcelo Fernandez-Anchorena of Paris, His Excellency Sir Geoffrey Northcote, K.C.M.G., Lady Shenton, Sir Vendaleur Grayburn, Mr. Crampell, Mrs. Smith-Wright, Miss Flower, Miss Hasler, Rev. J. L. Wilson, Mrs. K. Oram, Mr. P. Chesser, Rev. M. W. Barnes, Mrs. J. Murphy, Rev. J. T. B. Evans and a host of others.

Mr. Chan is Vice-President of the Hongkong Working Artists Guild and he together with Mrs. A. N. Macfadyen are responsible for maintaining the Guild properly and efficiently.

Big Win For
ForeignersSHANGHAI POLL
RESULTS

SHANGHAI, April 12 (Reuters)—The Japanese lost the election yesterday by a big majority. The Japanese were "snowed under" as the British and American voters turned out en masse and elected seven of the approved British and American candidates by big majorities.

The Japanese gained the usual two seats on the Municipal Council instead of the five which they had hoped to win.

Final results of the elections were:

N. F. Allman (8,000); W. J. Carney (7,998); W. J. Keswick (7,883); G. A. Haley (7,869); T. S. Powell (7,860); Roderick G. MacDonald (7,831); G. S. Mitchell (7,830); Y. Hanawa (Japanese, 5,211); M. Den (Japanese, 5,205).

The unsuccessful candidates were:

I. Okamoto (Japanese 5,203); K. Kuroda (Japanese, 5,183); O. Okamoto (Japanese, 5,187); Ronald G. Macdonald (British, 325).

The total number of votes registered were 13,098 of which 98 were declared invalid.

STIRRING DAYS

STIRRING DAYS these for the whole world and particularly for the millions of British and French subjects scattered throughout the empires of these two great democratic countries. Events of far-reaching magnitude are taking place in the war zones of Europe, which have been extended during the past five days by fresh Teutonic frightfulness—a planned campaign against all the laws of civilisation. While the early advantage to Germany of her ravage of Denmark appeared for a moment to increase anxiety in European political quarters, the resistance she is now meeting in her move against Norway has been completely reassuring. True the real position on the Norwegian battlefield is still somewhat obscure. Details are lacking of the results hitherto achieved in the naval engagements raging off Norway's picturesque fjord-dented coasts, the land operations in which the Allies are fighting shoulder to shoulder with the Norwegian forces, and the aerial warfare, unprecedented in history, which is taking place between the Nazi and Allied air strengths.

THE ROAR AND THUNDER

of the battle, however, continue, while conflicting reports pour in to further confuse the position. Even Britain's "War Dictator," as the Nazis have dubbed him (they hate him because they fear Mr. Churchill) was not in a position to give the House of Commons full details of the operations which were commenced against the Nazis consequent on their aggression in Denmark and Norway. One outstanding fact has, however, emerged from what has become known to the world and that is that the Allied arms have scored the first round against Nazi might.

This can, then, be accepted as indicating that when the final account is delivered to the waiting world, the Allies

will show that the Nazi plans of world domination have received a shattering blow and that the Allied arms will continue the struggle until the menace of Nazism is completely destroyed.

SHANGHAI ELECTION
RESULTS

SHANGHAI, Apr. 12 (Reuters)—In the election here, the "status quo" is maintained.

All the Anglo-American camp candidates were returned with a record vote of 13,098.

AMERICANS DEEPLY
IMPRESSED

WASHINGTON, April 12 (Reuters)—The broadcast of Mr. Churchill's speech impressed Americans by the frank enumeration of British losses and has created an excellent impression. From his restrained description of the naval action in Scandinavia the public infers that events have developed favourably for the Allies, and that Hitler has made a serious strategic error in invading Norway.

A message from Ottawa states that Mr. Churchill's speech thrilled and cheered the Canadians who felt it has greatly cleared up the situation.

THE MOST IMPORTANT

item of news in the operations now being carried out in and around Norway is that British forces have been successfully landed in the neighbourhood of Narvik and Oslo, with the object of linking up with the now much-hearted Norwegians.

The advantage of this manoeuvre is definite. With Bergen again reported to be in Norwegian hands and the possible reoccupation of Trondheim by joint Allied and Norwegian forces (both these towns were prematurely reported to have been recaptured on Wednesday), Herr Hitler's plans for a quick finish to his Scandinavian adventure appear to be doomed to dismal failure.

It is too early, however, to be able to say with any degree of accuracy in what direction the Allied plans of offensive are maturing and the developments in the next few days should provide a fuller picture of the manner in which the Allied moves are being conducted to a successful conclusion.

WHILE RELIEF is now felt

that the Japanese have been prevented from trying to rule the municipal roost in Shanghai, knowing the petulance of the sons of Nippon when compelled to acknowledge defeat,

fears have arisen that their vindictiveness might find an outlet in other directions in Shanghai and that this might add to the difficulties under which both foreign and Chinese nationals are compelled to exist in that city.

With a solid front of American and British representatives in the Council, however, there need be no anxiety that the Japanese will be able to have things entirely their own way to the disadvantage of those who have interests to protect and safeguard in Shanghai.

plans of mice and men "gang of agree" when the results of the City Municipal Council elections were announced yesterday. Despite a vigorous and none-too-honest drive to ensure Nippon's representatives securing five seats at the debating table of that august body of city fathers, a well organised mass-roll-up of American and British voters proved too sound an opposition for the potential Japanese representatives and election day ended in their woeful defeat in what is described as a veritable election landslide. Nippon's candidates only being able to retain their usual two seats on the Council.

THIS ATTEMPT by the Japanese to obtain wider authority in Shanghai's civic administration was viewed with considerable uneasiness by all nationals in the commercial hub of the East.

Success for the Japanese plan would have placed the city in a parlous position insofar as the liberties of foreign nations

were concerned, apart from the fact that social conditions might have deteriorated into an intolerable situation.

FIERCE FIGHTING

Special to H.K. Daily Press

STOCKHOLM, Apr. 12 (Havas)—

Information from Germany stated that the authorities are maintaining a complete silence on the Skagerrak battle.

General sentiment is that a German failure in Scandinavia will make a paramount impression on the general conduct of the war.

NAVAL LOSSES
COMPARED

LONDON, April 12 (Reuters)—

While an accurate comparison

between the British and German

losses in this week's naval battles

is impossible at the moment, a rough calculation bears out Mr.

Churchill's opinion that the Ger-

man fleet is crippled in some im-

portant respects."

The Germans have lost four

cruisers out of the pre-war

strength of eight, three destroyers

and possibly two or three others

out of thirty, several submarines

and about a dozen supplyships,

while a German battleship, cruiser and several destroyers

were damaged.

The British lost four destroyers

out of a pre-war strength of about

160 while two British destroyers

and a battle-cruiser were da-

mgaged, the latter slightly.

THE THREE GOOD HOCKEY MATCHES

IN WEEK-END: C.B.A. AND

RADIO IN "NEEDLE" FIXTURE

SATURDAY, APRIL 13, 1940.

Attractive Programme
This Afternoon

This week-end will be a busy and an interesting one for both the Ladies' Hockey League and the Hockey Association Tournament, and three of the best matches of the season can be looked forward to.

This afternoon, two matches will be played on the "Y" ground, King's Park. The Caer Clark Cup champions, "Y" Ladies, will meet the Rest, bully-off at 3 p.m., and the Brawn Cup champions, the Aragonauts, will play the Rest at 4.15 p.m.

"Y" Ladies will be playing without Mrs. Burnett or Miss K. M. Pocock, but will otherwise be at full strength, and particularly strong in the defence with the return of Mrs. Dudley, who, as Miss Anne Fowler, played regularly for "Y" Ladies at full back for several seasons.

The Rest will be represented by: Miss C. Silva; Miss I. Xavier and Miss B. Xavier; Miss R. Xavier, Miss N. Silva and Miss L. Sequeira; Miss I. Mathias, Miss M. Xavier, Miss C. Xavier, Miss M. Maxwell and Miss C. Marques.

The Champions' forward line will be weak in the absence of Mrs. Sybil Groundwater, who has left for Australia. Mrs. Macklin will play in her position at inside-left, while Mrs. V. Fowler will be seen in Mrs. O. Burnett's place at right-wing.

MRS. WHITE

The Rest team is particularly strong and recognition has been accorded Mrs. M. White, formerly a good forward and now considered an even better back, and Miss S. Rousseau, the diminutive C.B.A. right-half, who will play in that position.

A surprise selection for the centre-forward berth was Miss Shand, the C.B.A. captain, who will be in an unaccustomed position after playing throughout the past season at inside-left. However, Miss Sh

FIRST LORD GIVES ENGAGEMENTS TO PACKED HOUSE

The following is a continuation of the statement made in the House of Commons on Thursday by Mr. Winston Churchill, the first part of the statement having been published in yesterday's issue of the Daily Press.

LONDON, April 12 (Reuter)—"One of the destroyers of this Northern Force that went to lay the mines lost a man overboard on Sunday afternoon, and stayed behind to pick him up. This destroyer was the Glowworm and was proceeding northwards to rejoin the Force when, at eight o'clock on Monday morning, she saw first one and then two enemy destroyers which she engaged. She then reported unknown enemy ships to the north."

"These incidents came to us one and all of which failed. But the one, at intervals of a few minutes, but the last message ended abruptly and we can only conclude that the Glowworm has been sunk by the greatly superior forces of the enemy which she encountered, but there is no reason why a large proportion of her crew could not have been saved if the ordinary humanity of fighting men—which is a different thing from the humanity of the German fighting-men, and which is a different thing from the humanity of the German Government—had been practised by the enemy."

USUAL GERMAN TALES

"On Tuesday the Fleet was cruising to the south at about the level of Bergen when it was attacked continuously by German aircraft. The usual tales have been put out by the German wireless of several battleships and cruisers being sunk or seriously damaged, but actually only two cruisers were slightly damaged to an extent which does not interfere with their work, and they are still with the Fleet at their stations."

"One of the very heavy bombs hit the flagship Rodney, but her strong deck armour resisted the impact and she was not affected in any way by the explosion, except that four officers and three men were injured. So far as the construction of our ships was concerned, this incident must be regarded as most satisfactory (Cheers)."

"The cruiser Aurora, which was joining the Fleet, was subjected to five dive bombing attacks, all of which were pressed with courage

ACCOUNT OF SEA

SCANDINAVIAN WAR EFFECTS ON AMERICA

Havas report from Washington that one of the main effects of the Scandinavian war will be a considerable increase in the chances of President Roosevelt's third term and competent authorities are of the opinion that the foreign policy of the United States is forming one of the essential elements of the forthcoming campaign for the Presidential election.

Leave It To The Navy

DOUBTS NOW ALL CLEARED

LONDON, April 12 (Reuter)—The rising of the House of Commons, less than an hour after Mr. Winston Churchill's 63 minutes speech, is the best indication of his personal success today, states Reuter's Lobby correspondent.

"Leave it to the Navies" summed up the views in the lobbies after the House had dispersed.

Mr. Churchill's absence of any flamboyant claim or tone, coupled with steady confidence, caused the House to settle down attentively. The unusual readiness to cheer, especially on the Opposition benches, made it speedily apparent that doubt and criticisms of the past days, that the Navy was "doing nothing" were disappearing, and that the "Navy is here" in the Altmark phrase, after all.

NO REST FOR GERMANS

Members in the lobbies commented with satisfaction on Mr. Churchill's assurance that the Germans in Norway will be given no rest as soon as Allied measures are complete. It was made equally clear that Mr. Churchill's reference to the dangerous position of neutrals was not intended to pass without notice, though there exists best reason for knowing that no neutral is in danger from the Allies.

The Oppositions indicate they will continue to keep vigilant watch on the progress of events but meanwhile, they admit freely that, after yesterday's statement, they were satisfied with what had been done and are more confident of the sufficiency of the Government's war action than a month ago.

SAILINGS AS USUAL

SHANGHAI, April 12 (Reuter)—Pending instructions from the Norwegian Consulate-General, all Norwegian ocean-going steamers now in Shanghai will continue their services according to schedule, says the Sinwampa.

The Norwegian steamer Anchil, will leave Shanghai for Hongkong on April 13, and other Norwegian coastal steamers will continue in the usual routes, the report adds.

Since the detention of the Norwegian steamers by the Hongkong Government authorities, which have refused to issue clearance paper, no fresh instructions have been received by local Norwegian shipping firms from the Consulate, the report concludes.

PARIS, April 12 (Reuter)—French Army leave has been temporarily suspended.

NAZIS WANT NORWEGIANS TO STOP FIGHTING!

NEW YORK, Apr. 12 (Reuter)—The Nazi controlled Oslo Radio, in a broadcast picked up here, appealed to the Norwegians to stop fighting, adding that anyone failing to co-operate with the Nazis will be shot.

NAVAL BATTLE IN PROGRESS

STOCKHOLM, April 12 (Reuter)—A battle between British and German warships is reported to be in progress off Trondhjem.

British submarines are also reported to have attacked German warships and aircraft in the Trondhjem Fjord last evening.

An earlier report stated that the German warships there are believed to be bottled up by the British Naval forces.

NYBERGSUND BOMBED

STOCKHOLM, April 12 (Reuter)—Nybergsund is reported to have been completely destroyed by bombing which lasted an hour.

The report that the Norwegian Royal Family and Government were there during the attack is denied. It is learned from reliable sources that the Royal Family and Government had already left.

BRITISH TROOPS LANDING

STOCKHOLM, April 12 (Reuter)—According to information reaching Udevalla from Hvaler Islands and other places in outer Oslo Fjord, British vessels have been observed at several points along the coast, apparently landing troops.

CONSOLIDATING THEIR DEFENCES

BERLIN, April 12 (Reuter)—A German High Command bulletin announces an "extension in the consolidation of German positions in Norway" and strengthening of preparations to meet any Allied attacks.

According to the same communiqué, the Norwegian commanders in Oslo have declared their readiness to co-operate in the air defence measures against any Allied attacks.

FRONT MIGHT BLAZE UP

PARIS, April 12 (Reuter)—The Front might blaze up any day, said a War Ministry spokesman. Giving a warning that "events in North Europe must not make us forget the Front between the Moselle and the Rhine," and added that "at various points we have observed indications of preparations for an attack."

PARIS, April 12 (Reuter)—French Army leave has been temporarily suspended.

MUST CAPTURE KING HAAKON

STOCKHOLM, April 12 (Reuter)—It is reported here that the Germans were ordered to secure the person of King Haakon at all costs but failed.

MOBILISATION IN NORWAY PROCEEDING SMOOTHLY

STOCKHOLM, April 12 (Reuter)—It is reported here that General Otto Ruge has been appointed the Norwegian Commander-in-Chief.

A communiqué, issued here, reads:—

The mobilisation of Norwegian troops is proceeding methodically throughout the country, the defence of which is being organised as the men come in.

German troops which attempted to advance towards Elverum were repulsed near Elsdorff. The Norwegian General Staff has taken defensive measures in the interior of the whole province of Westlandet. At Bergen the Norwegian defence has been organised and there is reason to believe that German troops there had been checked. This also applies to Trodalen.

The fortifications in the Outer Oslo Fjord, at Bolærne, were still resting on Wednesday evening.

The German troops which advanced towards Elverum were commanded by the German Air Attaché in Oslo. They evidently

planned to capture the Norwegian Parliament and Government.

"At that moment our defence had not been organised in this region but a detachment of Norwegian soldiers was hastily concentrated and reinforced by Military labour corps men, members of the Rifle Club, and cadets.

When the Germans approached they encountered heavy fire and were driven back after an engagement lasting half an hour.

The Norwegian detachment carried out a brilliant exploit. The commander of the German troops was killed and their other losses were probably heavy.

"Two Norwegians were wounded."

Nazis Issue Warning

THREAT TO HOLLAND AND BELGIUM

LONDON, April 12 (Reuter)—Reports have reached Paris that Holland and Belgium have been faced with new German threats, says the Daily Telegraph's correspondent there.

It is believed the fate of Denmark and Norway has caused the Dutch and Belgians to consider whether they could afford to wait for an actual attack before asking for assistance from the Allies.

The German Government is believed to have called on the Belgian and Dutch representatives in Berlin and informed them that any attempt to place themselves under British or French protection would serve as a signal for an immediate and lightning attack by German forces.

PRISONERS FOR THE FRONT

KWEILIN, April 12 (Central)—After a period of rigid military training, a batch of eighty prisoners on parole, left on April 8 for the front to fight for the fatherland.

Dredging of the Whangpoo River suspended since the outbreak of the Shanghai hostilities in August, 1937, was resumed on Wednesday, according to a Shangai report. The Whangpoo Conservancy Board has been reorganized. Japanese staff members are employed.

STOCKHOLM, April 12 (Havas)—The Norwegian troops fighting north of Oslo are holding their own and are capable of checking the German forces as long as the enemy gets no reinforcements.

Information from Norwegian field headquarters indicates

that the fortifications in the Outer Oslo Fjord, at Bolærne, were still resting on Wednesday evening.

SHARP ADVANCES IN MARKET.

LONDON, April 12 (Reuter)—In the Stock Exchange all sections of the market sharply advanced on the growing confidence of investors which was reflected in the increased volume of inquiries. This was also revealed by the extreme reluctance to sell on the part of holders, consequently the market closed strong. Wall Street was firm.

Banknotes issued by the branch bank of the Farmers Bank of China in Ningbo, capital of Tsinghai province, will be worded in both the Mongolian and Tibetan language.

Finance and Commerce

Resources To Be Developed

CHENGDU, April 12 (Central)—Exploitation of natural resources and development of industry are being pushed in the Szechwan-Sikang border regions. Three new companies have been organised for mining and other enterprises. Largest of the three is the China Kang Chan Development Society, which recently absorbed the Yunnan Development Society. More than 1,000 households are now reclaiming a vast tract of land owned by this concern.

EXPLOITATION OF MINES
The Society is now planning the exploitation of the iron mines at Yuanchiai and the cultivation of tea along Szechuan's border in collaboration with the China National Tea Corporation.

The Ta Tung Development Society at Mapien is another large agricultural development concern. Capitalised at \$1,000,000, the Society has planted 90,000,000 tung trees on 3,000 mow of land. Its tung oil output exceeds 250 shih a year.

The Society is also exploiting the iron, copper and coal mines at Mapien.

WOOLLEN TEXTILES
The third company is the South-West Industrial Corporation, with an initial capital of \$200,000. This company is exploiting the iron, lead and coal mines at Yating and Tienchuan.

H.K. STOCK EXCHANGE

Sales reported during the week have been over a fairly representative selection, with H.K. Banks a good leader. A few prices have given way slightly, but this is by no means due to nervous liquidation. A short time ago bulls operated on the chance of some "plums" being handed out. The fruit has not yet ripened and consequently some of the bulls are now retiring. It is this that has caused the slight recession.

The market was steady but quiet.

After initial steadiness, the market declined on further hedge selling, with poor support.

NEW YORK COTTON: Some selling for December by leading spot house met with persistent Trade off-take on the scale down. Wall Street is quiet.

NEW YORK RUBBER: Increasing factory interest in physicals was noted.

CHICAGO WHEAT: The failure of any important rains to materialize and reports of continued dry weather conditions in the South-West developed a larger demand. There was no pressure of selling except for realizing.

NEW YORK STOCKS: Previous close, 149.59; Today's close, 149.98; Change, up .39.

MACAO RACE MEETING

Big Sweep On The Jockey Cup Race May Pay \$23,940

(BY "LAST QUARTER")

With the weather taking a decided turn for the better at the time of writing, the April Race Meeting of the Macao Jockey Club which takes place tomorrow afternoon at the Areal Preta course should draw quite a large attendance. Under new direction, the Special \$1 Sweep on the "Jockey Cup" is enjoying strong support and it is practically certain that the entire 50,000 tickets will be disposed of by the time the race is run. If this should be the case, the first prize will be \$23,940.00.

The usual comfortable steamer accommodation will be available for punters making the trip and a review of the entries indicate the possibilities of some very interesting racing.

CHUNG SHAN STAKES

On paper Gold Clause, Meadow Eve and Fairy Ouse are the ones to watch in this opening event over six furlongs, and judging from the distribution of weights, I am inclined to favour Gold Clause for the premier position at the finish. Fairy Auk should pay well if he manages to come home in front of the three favourites mentioned.

JOCKEY CUP

Pumelo should have an excellent chance here as this pony is very

speedy and the five furlongs should just about suit him. Dick Turpin has been running quite well recently and the main opposition will undoubtedly come from this quarter. Tarzan and Quick Despatch are fair bets, especially the former, whom I consider very dangerous in a sprint race.

CHINSHAN HANDICAP (FIRST SECTION)

Lucky Eleven has been knocking at the door so frequently of late that I must concede him the best chance in this sprint event of five furlongs. If Mr. S. C. Liang is up on this chestnut his chances will be greatly enhanced. The Tigress should finish very near as this grey is very fast off the mark. Gallant Marshall and Wild Bear are the ones to watch for a bigger dividend. The former is class enough to win, but is such a temperamental racer that punters should be a little careful of him.

HIN WANG CUP

This trophy which has been presented Mr. Kwok Hin Wang, whose connection with the Club should do racing in the Portuguese Colony a great deal of benefit, will probably go to Night View. This black has been coming on in form and ran very well at the Valley last week. Fei Ying will be dangerous, especially if the going should be on the wet side. Gold Coin should also do well and Jack O'Lantern may snatch a place.

CHINSHAN HANDICAP (SECOND SECTION)

I think Old Fashioned and New Bedford will fight it out in this event with Dow Jones and National Anthem very close up. The latter pony appeals to me as the best outsider of the day. The race is over five furlongs and I believe New Bedford will get the better of Old Fashioned.

SHEKKI HANDICAP

The concluding event of the day's programme is a six furlong race for Novice Jockeys and I think one of the Macao ponies should win, with my choice falling on Shanghai 4. Rothesay Bay is the main danger and should at least secure a place. Cloudy Star is the next one amongst the entries, unless punters are looking for an outsider, in which case I recommend Labour Day.

D.B.S. SPORTS ON APR. 17

The annual athletic sports of the Diocesan Boys' School, which were to have been held at the School yesterday, have been postponed to Wednesday, April 17.

Heats in the various events were run off yesterday, and some promising performances were returned despite the heavy track. Times of 59 seconds and 61 seconds were returned in the two heats of the 440 Yards run while in the High Jump preliminaries six boys cleared the bar at 5 feet.
